AIRSHIP FALLS 3500 FEET

Amateur Aviator Has Remarkable Escape From Death.

WILL TRY MACHINE AGAIN

When He Cut Loose From Balloon Which Carried Aeroplane, It Dropped Rapidly to the Earth — Was Picked Up Unconscious, But Was Not Seriously Injured.

Berwyn, Neb., June 16.—Pinning his faith to an aeroplane which he had invented, but had never tried, U. Sorenson, a blacksmith, carried the machine 3500 feet into the air dangling from a balloon and cast loose.

His faith was justified. The aeroplane flew. Its course was downward, and those who saw it were positive it fairly flew. It did even better than Sorenson had alleged it would, for it flew entirely without guidance. The rudder had loosened and Sorenson was too busy holding on to fix it.

Spectators were surprised when they found the inventor was not dead. He was knocked out a little, he said, but it was more from the effect of his joy that his invention had done so nobly than from contact with the hard earth. He is going to make another trial soon, but whether he will start from the ground and try to soar upward or will again try the downward route he has not decided.

The big balloon went up with the aeroplane hanging from it until it had reached 3500 feet. The spectators could hardly make out Sorenson when he cut the rope which released the machine. Then something happened. It was broke, but the crowd could not see that.

Turned Over and Over In Descent.

What they did see was a turning, twisting piece of mechanism, all canvas and wood, hurling downward. There were times when it descended with terrific velocity. Then the "sails" of the machine caught the air and checked its descent. When he made his machine Sorenson made it solidly at any rate. But for that he would not have reached the ground alive.

It was not more than 200 feet above the ground the last time the aeroplane caught the wind in the right fashion. As a consequence when it hit the ground it was descending only at a moderate rate. Clinging with eyes closed and hands tight clasped was Sorenson. From the moment the craft began to fall he had hung on for dear life.

He was unconscious when picked up, but it did not last long. He had landed in a sitting position, and a few minutes after his friends reached him he opened his eyes.

Complains About Telephone Charges.

Harrisburg, Pa., June 15.—The first complaint to reach the state railroad commission about telephone charges was received from George Sloyer, a Darby publisher. He complains about all rates in his vicinity in general.

Preacher Fatally Injured In Crash.

Webb City, Mo., June 15.—Rev. Dr. James H. Spear, of the First Union Presbyterian church, of New York city, was fatally hurt here in a collision of two street cars with an automobile in which he was riding.

TERRIBLY BEAT WRONG MAN

Thought He Was "Idle Day" Miner Instead of Carpenter.

Shenandoah, Pa., June 16.—Mistaking William Fiest, a well known carpenter, for a mine worker going to work on "idle days," pickets of the United Mine Workers attacked him and beat him in a terrible manner. They were about to hurl him into a mine breach, when they discovered he was a carpenter, as he pleaded he was. Fiest's condition is precarious.

Woodmen Initiate 500.

Detroit, Mich., June 16.—Sovereign Camp Woodmen of the World in convention here initiated a class of 500 candidates into the order, the degree work being exemplified by Greater Cleveland camp, of Cleveland, O.

Bjornson Near Death.

Christiania, June 16.—Bjornstejerne Bjornson, the Norwegian novelist, who has been seriously ill at Laurvik has suffered a relapse, and is in a critical condition. He had a paralytic stroke on June 5.

The Weather.

Forecast for this section: Fair today and tomorrow; moderate temperate light variable winds.

STATE WILD LANDS.

Lehigh Valley Coal Company Going into Business.

A special from Snow Shoe to the Philadelphia Record says that down in the hard coal fields of Pennsylvania where the Lehigh Valley company owns and operates some of the mighdiest anthracite collieries, and employs thousands of men and boys in and about its mines, some wonder may be expressed that in other sections of the commonwealth this same wealthy coal company has gone into the business of grazing cattle. But this is a fact. Up in this section, extending over sections of Clinton and Centre counties, the Lehigh company owns over 5,000 acres of wild lands from under which the bituminous coal is being taken, and from the surface of which the timber has been stripped by the lumbermen these dozen years or more. This week, in all the newspapers of this section, the company printed advertisements to the effect that these 5 000 acres of wild lands would be thrown open to grazing purposes at the rate of $1.75 per head of cattle, the company to guarantee the salting of the animals at regular intervals, and a general guardianship against cattle thieves and fires.

This new departure is in line with a business that has grown to extensive proportions over the wild lands of this section, only, heretofore, the Lehigh company lands have been taken possession of by cattle "rustlers" who drove herds of steers into the great acreage, watched and attended them, and reaped a fine harvest of toll from the owners of the cattle, who were glad to have them thus cared for.

Now the company proposes that this revenue shall come into its own treasury, and has employed reliable men whose business it will be to perform the duties of rangers over the pasturage, see that salt is placed for the cattle in the proximity of the springs where they gather to drink at least once, every two weeks, and to keep a general supervision over the herds.

The question of identity, however, lies entirely with the owners of the cattle, and it is required by the company that every steer be branded with the private mark of the owner, so that at any time an accident occurs to any of the cattle, or should they stray away, the mark shall establish the identity of the owner, to whom report can be made.

And the mark is more important still in the fall, when the work of rounding up the cattle occurs. Then men on horseback are employed to play cowboys and go in and out over the ranges, gathering the cattle in groups so that the owners can pick them out and drive them back home.

A season on the ranges makes the cattle as wild as their forbears were on the western plains and the roundup is always attended with great excitement and not a little danger, for the steers often turn on the horsemen and put up a stiff fight for the retention of their liberty on the range. It is not infrequent that the cattle must be lassoed, and thus led off to civilization—and to market.

But all this extra work and trouble must be attended to and paid for by the owner of the cattle.

Entertained Members of Synod.

Mr. Clement Dale has just returned from the meeting of the General Synod of the Lutheran Church, held at Richmond, Indiana, June 2nd to 10th. While in Richmond, he was a guest of the officials of the Terre Haute, Indianapolis & Eastern Traction Company and Mr. C. B. Landinger of Messrs. Ervin & Company, bankers of Philadelphia on a trip given to a large number of men attending the Synod.

Ervin & Company are interested in upwards of 2,000 miles of electric interurban lines in the States of Indiana and and Ohio, which is without doubt one of the largest electric systems in the country. The party visited different points of interest in Indianapolis and were entertained for dinner at the Columbia Club, one of the finest clubs in the United States. On their trip they covered about 220 miles of the system of the Terre Haute, Indianapolis & Eastern Traction Company which operates a total mileage of 379 miles of interurban road. This Company operates limited through cars from Indianapolis to various points at an average speed of thirty-five per hour including stops. The equipment and construction of the property equals in every respect any of the steam roads. In Indianapolis there is an interurban terminal station in the business section of the city which is used by twelve different interurban lines which diverge from Indianapolis.

HORNETS STING 500 AT REVIVAL

Yellow Jackets Start Panic and Congregation Bolts.

STING SAINT AND SINNER ALIKE

Land on Parson and Then on Worshippers, Driving All From the Church. Men Make a Noise Like Cussing and Services Are Stopped.

Boston, Ga., June 14.—A great revival meeting at the Baptist church here was broken up by the swarming of yellow jackets which had built nests back of the pulpit. The services were at high tension, the preacher being engaged in calling sinners to the mourners' bench, when the yellow jackets began to dart out from their nests and sting saints and sinners alike.

In a few minutes there seemed to be thousands of the spiteful insects flying about the church and darting their stingers into the brethren and sisters. The preacher was one of the first to be stung, and the pain put a stop to his exhortation.

The women screamed when stung by the bees, and many of the men said "bad words." After standing for the stinging a few minutes the congregation got into a panic and bolted from the church, leaving the edifice in possession of the yellow jackets.

There are 500 men, women and children in Boton putting lotions on the "stung" spots. An effort will be made to destroy the yellow jackets and resume revival services.

THREW PIG AT WIFE

Pair's Marital Quarrel In Barnyard Ends In Court.

Flint, Mich., June 14.—Something out of the ordinary in the way of domestic difficulties was furnished when Mrs. Edith Sweetland, suing for divorce, told her troubles to the court. She said one of the many altercations in which she and her husband participated took place in their barnyard near Brant village, and alleged that her husband became so angry with her that he picked up a live pig and heaved it at her head.

"I dodged the pig," said Mrs. Sweetland, "but it was thrown with such force that it was killed.

The court thought Mrs. Sweetland was entitled to a divorce and $800 alimony besides.

WEEKLY DANCES IN CHURCH

Universalitst Minister of Atlanta, Ga., Adopts Innovation.

Atlanta, Ga., June 14.—Dancing to the sound of piano music in the First Universalist church is to be a weekly diversion of a number of young people of the church.

Rev. E. Dean Ellenwood, the pastor, said of the dancing: "I consider dancing an innocent and healthful amusement. I do not believe in the devil having all the good things."

The church is planning to arrange a stage, where amateur theatrical performances may be given by the Players' club of the church, which is already organized.

GIRL OF 15 A SUICIDE

Discharged Under Accusation of Theft, and Feared to Return Home.

Chicago, June 14.—The mystery of the disappearance of Mary Nayder, fifteen years old, who had been missing from her home since May 2, was cleared when her body was found floating in the Illinois & Michigan canal. The child had ended her life because she was ashamed to return to her home after having been discharged from her employment under an accusation of theft.

Vanderbilt's Negofol Won French Race

Paris, June 14.—The French Derby was run at Chantilly and was won by W. K. Vanderbilt's Negofol in impressive style from Edmond Blanc's Union, with Negofol's stable companion, Overnight, third. The stake was worth $40,600.

Excited Over Flow of Natural Gas

Wooster, O., June 14.—Wayne county is excited over a flow of natural gas running 3,000,000 feet per day by gauge, which has been struck on a farm ten miles west of this city.

Today Is Flag Day.

Philadelphia, June 14. — Today is Flag day, and according to reports received here is quite generally being observed throughout the United States.

QUAKER CITY MOTOR CLUB.

Passed Through Bellefonte Tuesday Morning on Their Way to Pittsburg.

The Quaker City Motor Clubs run from Philadelphia to Pittsburg is now on the cars passed through Bellefonte Tuesday morning coming from Williamsport via Mill Hall and leaving for Tyrone by way of Buffalo Run and Stormstown. Instead of there being an entry of sixty cars as advertised there was only six cars passed through Bellefonte including the pilot car which went ahead scattering confetti along the route, so that it was almost impossible for the chauffers to get on the wrong road. The confetti car was occupied by Dr. Overpeck and party.

The party left Philadelphia on Monday morning at 7 o'clock and were sent away at one minute intervals for their five days journey to Pittsburg and return. The cars found the roads very bad, the heavy rains of the past few weeks having put them in poor shape for the run, but they ploughed their way through and six of the cars passed through here Tuesday morning.

They were given a great reception here by the Bellefonte Motor Club, about thirty-five cars being drawing up on the Dismond to receive them and a yellow streamer stretched from the Brockerhoff House to the Bank building which bore the inscription "Quaker City Motor Club Good Luck, Bellefonte Motor Club."

The first to arrive here was the Pilot car a Chalmers-Detroit, then came the Mitchell car driven by Walter M. Cram which arrived at 9 42. The Franklyn driven by Clayton S. Carise was the next to arrive checking in at 9:47. Then the Haines reached here at 10 o'clock driven by Walter E. Shuttleworth and the Elmore followed soon after at 10:04 driven by Frank Hardait Jr. The Palmer-Singer had a break down at Williamsport and did not reach here until an hour after the other left.

Their next stop for the night was Altoona where they were entertained by the Altoona Motor Club.

Mrs. Emma S. Confer.

Mrs. Emma S. Confer, wife of Antis Confer, died at her home in Howard township Thursday night at 11:30 o'clock, following an illness of about four months with diabetes and heart trouble. For the past several weeks her life had been hanging in the balance and her death was not unexpected.

Deceased was a daughter of John and Martha White and was born in Howard township December 18, 1865, thus being aged 42 years, 5 months and 22 days. She was married October 27, 1886 to G. Antis Confer at Elmira, N. Y., and has been a life long resident in the township and for some years on the old homestead. She was a consistent member of the Fairview Evangelical church, a cheerful, loving woman who will be greatly missed in the community. As a wife and mother she was devoted to her family who are heartbroken in their hour of bereavement.

Surviving are her husband, G. Antis Confer; her mother, Mrs Martha White; four children, Mrs. W. Leonard Confer, Tessie Z., Florence G., and J Gaylord Confer, all of Howard; one sister, Mrs Mary E. Swartz, of Howard, and two brothers, Charles W. and Joseph B. White, both of Beech Creek.

The funeral took place Sunday forenoon at 10 o'clock, services being conducted in the Fairview Evangelical church by Rev. J. R. Sechrist, of Bellwood, assisted by Rev. W. N. Rhoader, of Howard. Interment in the Schenck cemetery.

Thelves Sentenced.

The Sunbury thieves, who after robbing the Bigony store in Sunbury, tried to sell their plunder in Williamsport, have been sentenced by Judge Savidge. Those sentenced to the penitentiary were Cyrus Minnich and George Chainey. The former, who is said to have been the ring leader of the gang, is at present serving a term in the Northumberland county jail for stealing coal from the Pennsylvania Railroad Company. His jail sentence does not expire until December 7th., but by direction of the court the unexpired term will be completed in the penitentiary with an additional term of three years and six months for the Bigony robbery. A second thief, Chainey, was given three years in the penitentiary. He is also serving time in the county jail on another charge. George Gronner, of Sunbury, was given 18 months in jail and Perry Michaels was sent to the Huntingdon reformatory.

TAFT'S MESSAGE TO CONGRESS

Urges Lawmakers to Tax Earnings of Corporations.

THINKS IT WOULD BENEFIT THEM

The Attorney General Will Draft the Amendment to the Tariff Bill and a Resolution to Submit to the States an Amendment to Constitution to Give Congress Power to Tax Incomes.

Washington, June 16. — President Taft today sent to congress a message urging the passage of an amendment to the tariff bill imposing a tax of 2 per cent upon the undistributed net earnings of corporations, and the adoption of a resolution submitting to the several states an amendment to the constitution giving to congress the power to impose a tax on incomes.

In order that there shall be no question that the two propositions to be recommended have the support of the administration, Attorney General Wickersham, according to present plans, will draft both the amendment and the resolution. It is expected that the corporation tax amendment when introduced will be referred to the committee on finance and that the resolution submitting the question of amending the constitution will go to the committee on judiciary.

Believes It Would Benefit Corporations

Not only is the president favorable to an amendment providing for a tax upon the net earnings of corporations, because of the added revenue it would produce, but much more so on account of the fact that he believes it would bring about a helpful and healthy degree of publicity relative to the affairs of the corporations of the country. This, he believes, would be a reform which would produce great satisfaction to the people at large and at the same time give the business corporations a standing which otherwise it would be impossible for them to attain. This benefit to the corporations it is urged would arise from the fact that it would in a way stamp upon them the approval of the national government.

It is understood to be the president's opinion that a provision for the imposition of such a tax can be framed on the basis of the internal revenue law, giving the government full power to investigate the books of corporations for the purpose of determining their earnings. He also believes that such a provision could be drawn so as to be held by the supreme court to be constitutional.

IT'S PENNANT RAISING DAY

Chicago Cubs Ready to Call Themselves World's Champions Again.

Chicago, June 16.—This is the day of days for the Chicago fans, being the date set for the raising of the world's championship pennant by the local National league club, better known as the Cubs.

In the presence of cheering, admiring thousands the great Chance will lead his men out on the field at Northside park. They will be preceded by a brass band and followed by the team whose business it will be to let themselves be beaten this afternoon by the heroes of the hour. The Brooklyn team is the one selected for the sacrifice.

When the ball players and the photographers and others whose connection with the clubs entitles them to places on the field are grouped artistically around the flagstaff with the waiting pennant at its base the word will be given, and the bunting bearing the proud title, "World's Champions, 1908," will be hoisted to the top of the pole. Then the photographs will be taken, the crowd will yell and the players will troop back to their places on the diamond. From his seat in the grand stand Mayor Busse will toss out a new ball, and the game will be on.

Spurned, He Sought Death.

Atlantic City, June 16. — Because Frances Coates, head waitress of a beach front hotel, refused to listen seriously to his protestations of love, Philip Dudrowitz, thirty years of age, of Hartford, Conn., drank a solution of carbolic acid in his room at a St. James place hotel. He may recover.

Must Pay $183,844 Inheritance Tax.

Chicago, June 16.—An inheritance tax of $183,844, the largest in the history of Illinois, on the estate left by Nelson Morris, a pioneer in the meat packing business, will result from an order entered in the county court by Judge Rinaker. The value of the estate is $16,703,427.

NO INCREASED FEES.

For Constables Who Were Elected Before New Law was Passed.

The question of increased fees for constables under the new law has come up in Lycoming county, as it has in other counties, but according to the following from the Williamsport News, the Lycoming county authorities will pay present constables the fees prescribed by the old law.

The position taken by the county officials with regard to the payment of the increased fee to constables making returns to court has been confirmed by the advice of the county solicitor, Clarence L. Peaslee, who holds that the treasurer was right in paying constables elected before the new law was passed, the fee as prescribed under the former law.

The question has caused some complaint on the part of the constables, who thought they were entitled to $2.50, which the new law allows them as fee for attending court and making returns. The act provides for the increase "from and after the passage of this act," and many of the officers came to the city with the expectation of receiving the higher fee at this term.

The bill passed at the last legislature, and signed by Governor Stuart April 23, provides that: "From and after the passing of this act, the fees to be received by the constables in this commonwealth shall be * * * for attending court and making returns thereto, $2.50 per day. The repealing section withdraws all acts or parts of acts inconsistent with this act."

Solicitor Peaslee has based his decision on the constitutional provision which prevents the passage of an act "to extend the term of any public officer or increase or diminish his salary or emoluments after his election or appointment.' Provided, then, that a constable has been elected and sworn into his office since April 23, 1909, he is entitled to receive $2.50 instead of $1.50 as his fee. It is the opinion of the authorities that the mileage remains the same as under the old law.

Demise of John Everhart.

John Everhart died at his home near Franklinville, Thursday at 10 o'clock p. m. of paralysis coupled with diabetis of which he had been ailing for several years. Three weeks ago he and his wife took a drive to a neighbors home several miles distant. He had scarcely got his overcoat off when he was stricken down, but was at once taken to his home, steadily growing weaker. He was born at the old and well known Everhart home on the Branch 57 years ago. He was the son of Benjamin and Margaret Everhart. His early life was that of a farmer and stock raiser. 36 years ago he married Sarah Kennedy of Centre Hall, 22 years ago they moved to their present home a most royal place to go both for friends and strangers. He enjoyed a joke and could tell a good yarn and was a great entertainer. He was a most obliging neighbor and a good citizen. Religously he was a Presbyterian and politically a Republican but not to hide bound but could see some good in the opposite party. He is second of his fathers family, Alexander, of Altoona; Wm. and James at the old homestead. He also leaves his widow and the following children, Mrs. Ed Kocher, Graysville; Mrs. Harry Gates, of Penna. Furnace; Mrs. M. M. Kocher, of Fairbrook; Samuel of the Branch; John of Graysville; Benjamin and Martha at home.

The funeral services were held at the residence Saturday at 4 p. m. His pastor Rev. R. M. Campbell officiating, the remains were taken to the Branch cemetery Sunday morning for interment at 11 o'clock, a large number of friends and neighbors paid their last respects.

Hen Plays Mother to Litter of Puppies.

A Plymouth rock hen is raising a litter of eight English setter puppies for Jeff Ruddy, of Wilkesbarre, and refuses to sit upon a sitting of eggs which he had placed for her. The puppies are not motherless, but they prefer the hen to their own mother, which runs about the yard and pays no attention to her youngsters.

About the time the puppies were old enough to run about Ruddy placed a sitting of eggs for the hen, but was surprised to find her mothering the puppies and paying no attention to the eggs. They liked it, too, and now are with the hen all day long and sleep snuggled up against her at night.

When she clucks for them they run to her and she seems to realize that they do not like worms and flies and she does not scratch for them.

LEVY TAX ON CORPORATIONS

Trying to Persuade Progressives to Drop Income Tax.

SUGGESTED BY THE PRESIDENT

Mr. Taft Is Anxious to Prevent a Split In Republican Party In the Senate Over the Income Tax—Both Factions Repudiate the Plan.

Washington, June 10.—After a conference at the White House between President Taft and Senator Aldrich it was stated that the finance committee would consent to placing a 2 per cent tax upon the net earnings of corporations if the supporters of the income tax amendments would accept it and withdraw their proposition. This suggestion, it is declared, came from President Taft and was designed to prevent a split in the Republican party over the income tax feature. Mr. Aldrich communicated the plan to Senators Cummins and Borah, who are the leaders of the progressive Republicans who have favored the Cummins income tax amendment. These senators consulted with their colleagues, and as a result the plan was repudiated by them. Mr. Aldrich consulted also with Republican leaders who are opposed to the income tax idea, and he has no better success with that faction than with the progressives.

The canvass of the senate in relation to the corporation tax plan developed also that there is decided opposition to the inheritance tax feature which was adopted by the house at the behest of President Taft and was stricken out of the bill by the senate committee on finance. The income tax advocates are encouraged by this showing, and it was said that if President Taft desires to gain their support he must lend his influence to aid them in obtaining some agreement by which the income tax feature shall be brought to a vote.

It has been estimated that a tax on the net earnings of corporations at 2 per cent would raise between $15,000,000 and $20,000,000 a year.

The following table will show what tax would be paid out of the dividends of seven of the most important corporations in the United States at the rate of 2 per cent. The basis of calculation is the dividend award of 1908:

	Dividends 1908.	2 P. C. Tax.
Standard Oil.....	$39,333,520	$786,678
American Tobacco	17,800,000	356,000
U. S. Steel.....	35,385,727	707,714
Pennsylvania R. R.	23,075,680	461,513
N. Y. Central R. R.	8,931,600	17,863
Union Pacific R. R.	23,530,648	270,612
South. Pacific R. R.	17,112,699	342,253

Senate Lifts Wool Duty.

Washington, June 10.—By an aye and no vote of 40 to 30 the senate adopted the finance committee's amendment restoring the Dingley rate of 30 cents a pound on wool top waste and other wastes. The house rate was 20 cents. Progressive Republicans generally voted with the Democrats against the increase.

MADE HIS OWN CASKET

Undertaker Also Selected Text and Hymns For Funeral.

Allentown, Pa., June 10.—Tilghman H. Reinsmith, who was an undertaker at Emaus for the past thirty-three years, died here, seventy-four years old. He made his own casket and selected the text and hymns for his funeral. Reinsmith built a silk mill a year ago, which he operated. He was burgess of Emaus from 1902 to 1904.

FIREBUG GETS TEN YEARS

Sentenced For Burning Stables of Philadelphia Millionaire.

Norristown, Pa., June 10.—William Crockett, former valet of George W. Elkins, a Philadelphia millionaire, was fined $1000 and sentenced to ten years in the eastern penitentiary for setting fire to the stables of Mr. Elkins at Elkins Park on the night of April 9.

George L. Street Heads Shriners.

Louisville, Ky., June 10.—George L. Street, of Richmond, Va., was advanced from deputy imperial potentate to imperial potentate at the business meeting of the Knights of the Mystic Shrine. He succeeds Edwin I. Alderman, of Cedar Rapids, Ia. New Orleans was chosen for the 1910 convention.

Shoots His Two Brothers.

Wilkes-Barre, Pa., June 10.—While running with a gun to shoot a chicken hawk which was hovering over their chicken yard, twelve-year-old Edward Williams fell and shot his brothers, John and William, aged four and six. While their wounds are serious, it is believed they will recover.

Gives Trinity College $100,000.

Durham, N. C., June 10.—A gift of $100,000 to Trinity college from B. N. Duke, the tobacco magnate, has been announced. The gift makes Trinity one of the most heavily endowed colleges in the south.

Cave-in Buries Miners.

Pottsville, Pa., June 10.—By an extensive cave-in at the New Castle colliery two miners, Harry Williams and John McGuire, were entombed alive. They may be rescued alive.

HAIL DESTROYS CROPS

All Vegetation In Strip Ten Miles Long Driven to Earth.

Buchanan, Va., June 11.—The neighborhood of Collierstown, in Rockbridge county, was visited by the most disastrous hail storm ever known in that section. For a distance of ten miles in length and more than a half mile wide all vegetation was totally destroyed. Wheat, corn and garden vegetables were driven to the earth. Hail drifted into ravines to the depth of two feet or more. Farms were absolutely ruined, all the soil being washed from the uplands. An idea can be obtained as to the great damage done when out of entire fields of heading wheat not a single stalk was left standing.

BOY GETS NEW LIP

Skin Grafting Restores Mouth For Disfigured Lad.

Scranton, Pa., June 11—John Miller, aged thirteen years, left the Moses Taylor hospital this week with a new lip that the surgeons had made for him.

The boy fell on the third rail of the Laurel line a year ago and was frightfully burned. He was practically without a lower lip and the skin grafting operations recently performed have been so successful that he will not be seriously disfigured.

BRYAN TO RUN FOR SENATE NEXT YEAR

His Candidacy Announced By Editor of Commoner.

Omaha, Neb., June 11.—William J. Bryan will be a candidate for the United States senate to succeed Elmer J. Burkett, whose term expires in March, 1911. This announcement was made by Richard L. Metcalf, editor of The Commoner, and is considered official.

Bryan will make the race under the direct primary law modeled after that of Oregon. Nebraska will elect a legislature in November, 1910, and the primary will be held in September of that year.

This is the first authoritative announcement of Bryan's candidacy, and local politicians predict a walkaway for him.

COFFIN EXPLODES ON TRAIN

Woman Taking Body Home From California Prostrated by Shock.

El Centro, Cal., June 11.—Distressing was the experience of Mrs. Wallace Wilmott, whose husband died recently at Holtsville, Cal. Mrs. Wilmott started with her infant child and the body of her husband for their former home at Driftwood, Okla., where interment was to take place. Wilmott's body was embalmed.

At El Paso the trainmen discovered indications that something was wrong with the box, and as they reached Alamogordo, Tex., the casket exploded from the accumulation of gases due to rapid decomposition of the body. The casket was taken from the train, accompanied by Mrs. Wilmott and her infant, at midnight, and in a hastily made grave the body was deposited by the light of lanterns. Mrs. Wilmott was prostrated.

MORSE'S HOME SOLD

The Proceeds, $201,000, Will Go to Pay Convicted Banker's Debts.

New York, June 11.—The Fifth avenue residence of Charles W. Morse, the former banker, now in jail, was sold at auction by foreclosure of a mortgage for $201,000 to the Corporate Organization and Audit company.

The purchase was made subject to another mortgage of $150,000. Mr. Morse recently testified that he did not expect to receive any of the proceeds of the sale of this property, as whatever surplus above the mortgage there might be would go to his creditors.

Skiff Capsizes; Girl Drowns.

Charlotte, N. C., June 11.—By the capizing of a skiff in which eleven young people were taking an outing on Broad river, Miss Louise Lynch, seventeen years old, the daughter of County Treasurer Charles M. Lynch, was drowned, and her sister, Evelyn, barely escaped the same fate. The latter was resuscitated after being unconscious for more than an hour.

Ate Beer Glass on Wager; Is Dead.

Brooklyn, June 11.—Breaking and eating a beer glass on a small barroom wager, James Shea, a laborer, suffered great pain as pieces of glass began coming out of his chest, back, limbs, hands and feet. He refused to permit an operation and died, leaving a wife and six children.

Drought Kills 38,000 Cattle.

Mexico City, June 11.—Reports made by ranchmen to the chamber of agriculture of the state of Chihuahua show that the cattle losses in that state as a result of the unprecedented drought during the last few months agggregate 38,000 head, valued at more than $1,000,000.

New Cent Ready July 1.

Philadelphia, June 11. — The new Lincoln one cent pieces now being made at the mint here will be put into circulation by July 1, when 150,000 of them will be ready.

MAN OF 86 SLAYS MAN 87

Octogenarian Kills Brother-In-Law and Himself.

HAD BEEN ACTING STRANGELY

It Is Believed Worry Over an Order to Find Another Home Unbalanced the Aged Man's Mind and Caused Him to Commit the Crime.

Honesdale, Pa., June 12.—Mark Vandeusen, aged eighty-six years, shot and killed his brother-in-law, George E. Baker, aged eighty-seven years, at the latter's home, about three miles from here.

Mrs. Baker, Vandeusen's sister, noticed that her brother was acting strangely when he left the house and started for the barn, and she decided to watch him. Soon after he had entered the stable where Baker was milking Mrs. Baker heard a shot. She summoned her niece from an adjoining farm, and just as the latter arrived at the house another shot was heard. The niece rushed from the house, intending to investigate the shooting, and stumbled over Vandeusen's body a few feet from the kitchen door. He held a revolver in his hand, and there was a bullet hole in his head. Mrs. Baker and her niece hurried to the stable, where Baker's body was found lying on the floor. He had been shot in the left cheek, the bullet passing through and coming out on the opposite side of the neck, severing the carotid artery.

Mrs. Baker had been ill for several weeks, and her husband had told Vandeusen that he must find another home. It is believed that worry over this order unbalanced his mind and caused him to commit the horrible crime.

SAYS SOURCE OF LIFE IS FIRE

Scientist Studying Volcanic Heat Comes Back to Ancients' View.

Honolulu, Hawaii, June 12.—Declaring his belief that the origin of life is to be discovered in volcanic fire, a theory entertained by the ancients, Professor Jaeger, a scientist, addressed the chamber of commerce, urging the establishment of an observatory on the brink of the crater of Mount Kilauea for the purpose of pursuing investigations to that end.

KILLS CHILDREN AND SELF

Mother Lies Down With Three Little Ones After Turning on Gas.

Rochester, N. Y., June 12.—Cecelia Zwimer, a widow, took two of her three children into a bedroom, lay down after turning on the gas and was asphyxiated with them. A third child, a boy nine years of age, was playing outdoors and so escaped death.

The woman was an Austrian and, it is said, had brooded over the recent death of her husband.

TRAIN RACES WATERSPOUT

Union Pacific Express Narrowly Escapes Destruction by Deluge.

Cheyenne, Wyo., June 12.—The Union Pacific China and Japan fast mail raced for four miles with a waterspout near Paxton, Neb. The train barely missed the course of the deluge, which tore out a section of track a few seconds after the train had passed over it.

Aeronaut Sailed Over New York.

New York, June 12.—Frank Goodale, the young aeronaut, in his dirigible balloon made a successful flight over the upper part of the city. Coming across the Palisade Park, N. J., he circled Grant's tomb on Riverside drive several times and then steered the big air craft to directly above Seventy-second street and Broadway, whence he again crossed the river to New Jersey.

JOHN ROBINSON COMING TO BELLEFONTE.

Great Occasion June 23 Small Boys Anxiously Waiting.

Well, are you going to quit work and take the children to see the circus? Children are mighty convenient to have around as the basis for an excuse occasionally. The John Robinson shows will be here and ready for business June 23 at noon, when the grand street parade will be held. If the weather is favorable this spectacle will probably be witnessed by one of the record crowds for which this section is noted. The circus will be unloaded and there will be a crowd there awaiting the operation. For many people this is one of the best features of circus day and there are innumerable small boys who are sleeping with one ear open to hear the gladsome note of the engine which hauls that train from wonderland. There will be two performances, afternoon and evening, and both will be well patronized. It is interesting to note that the John Robison people have not discarded the street parade, which is still a feature. It will start in the morning and it is probable that a schedule of the streets traveled will be published. The morning crowd at the street parade is expected by the show people to be a record breaker, while the attendance at both performances will undoubtedly be large. The show is said to be fully equal to former years, which means that it is one of the best in the world at the present time.

The Titusville Daily Courier thinks the systematic handling of the big show is worthy of mention and it also praises the performance for it says: "There was little left Sunday to mark where on Saturday within a few hours and with more than military precision, had been erected and stood a white city, with its hundreds of men and women, animals of all kinds and shelter to protect and feed them. Shortly after the performance began in the big-top Saturday evening, the menagerie tent was taken down and the cages and animals taken to the trains. There already had been gathered the "Flying Squadron," the men who have charge of the cooking department and stabling for horses, and food for man and beast prepared to be off, their place being to be at Franklin, the next town where the aggregation appeard today and to be in readiness there with shelter and food on the arrival of the main part of the shows an hour or two later. When the vast assemblage that had thoroughly enjoyed the evening's first-class performance and had admired the animals in the menagerie left the big tent, they found that during their stay within things had greatly changed in appearance outside and a great portion of the outfit had disappeared. Two hours afterward everything had been moved from the grounds and was being loaded on the train preparatory for removal to Franklin, and it wasn't long after that the special trains pulled out. The attendants at the shows afternoon and evening were unanimous in their praise of the entertainment that had been afforded them, and when the Robinson shows come here again they will receive another heart welcome.

Boxing Becoming the Popular Pastime in Bellefonte.

Jimmy Coffroth, the famous Frisco promoter, may at some not far distant day awaken to the fact that he has a strong rival to rekon with in the east, in the person of Clyde Blackford, the popular manager of the Bellefonte Athletic club.

The rapid progress he is making, is due solely to his giving good, clean exhibitions, devoid of rowdyism, barring out the rough element, enforcing rigid discipline, maintaining the best of order and catering only to the better class of amusement loving patrons.

In the short interval of two months, he has held three first-class shows and demonstrated beyond the shadow of a doubt the possibility of furnishing the greaty increasing followers of this most highly fascinating pastime with good, clean, scientific exhibitions, not attended by what adverse critics might suppose by the uncouth, untaught, or unlettered; but by some of the very best, most intelligent, highly respected law abiding citizens of our town—men high up in their chosen professions who secure their reservations just as the lover of theatricals secures his and just as much attention is paid to his physical comfort, safety and enjoyment, although the odor of talcum powder may be lacking.

As long as the shows of the future are conducted as they have been in the past the loyal votaries of the padded gloves will not be denied the privilege of meeting in friendly spirit to witness superbly trained athletes contesting for supremacy on scientific lines.

Watermelon Sherbet.

This is as beautiful as it is palatable. First carefully scrape the red pulp from a ripe melon, saving all the juice; to two quarts of the liquid and pulp add one cupful of sugar and one of minced pecans; when partly frozen, stir in the beaten eggs, and finish. Serve in a melon shell resting on a mat of leaves.—Woman's Home Companion for June.

FOUND DISMEMBERED BODY

Remains of Man, With Head Missing, Done Up In Two Bundles of Paper.

New York, June 11.—The dismembered body of a man, with the head missing, was found by the police here, neatly done up in two bundles of brown paper and black oilcloth. The bundles had been left in the charge of a small boy by a stranger, who had promised him 5 cents to watch them till he came back.

The bundles were taken to the nearest police station. On the wrapping was written in letters of red three inches high: "Black Hand." There were four stab wounds in the chest of the body, two of which would have been immediately fatal.

CUCUMBERS CAUSE DEATH

Woman Recovering From Surgical Operation Killed by Vegetable.

Pottstown, Pa., June 11.—Although twice able to escape the surgeon's knife, Mrs. Lewis Reinhard, of Monocacy, succumbed to innocent-looking cucumbers which she ate for supper. Mrs. Reinhard was just recovering from a double operation performed simultaneously in the Reading hospital for cancer and appendicitis and was able to be about the house when she went into her garden and plucked fresh cucumbers. She ate heartily of them and died about two hours later.

GOLD MINE IN SAFE THAT COST ONLY $2

Opened by Man Who Purchased It Thirty Years Ago.

Seaford, Del., June 11.—Buying a small safe for two dollars at a public sale more than thirty years ago, ex-Coroner Nathaniel Conway, of Sussex county, who resides here, has come into a fortune. At the time of the purchase Conway stored the safe in his stables. When he was elected coroner a few years ago he had the same removed to his office, but was unable to open it.

This week he was determined to find out its contents and broke the lock with a hammer.

To his amazement gold coins of different denominations began rolling from the safe to the floor. The noise attracted a crowd, and from the outside Conway could be seen gathering the gold from the floor and putting it into bags.

Conway refused to say how much gold the safe contained, but says he can live the rest of his days in luxury without any public office.

3000 SHEEP KILLED

Battle on Range Results In Massacre of the Innocent.

Grand Junction, Col., June 11.—As a result of a battle between sheepmen and cowboys on a contested range near Atachee, Colo., 3000 head of sheep were killed and two sheepmen were injured, but not seriously. The sheep, which belonged to Taylor Brothers, of Montrose, were grazing on a range near the hamlet of Carbinero.

According to the reports received here the cowboys dashed in upon the herders and tied them to trees and then rode out among the sheep, killing them. The slaughter of the sheep required almost an entire day.

In order to prevent the news leaking out, the cowboys first cut the telephone wires and then made their escape into the hills. Several hours later the sheep herders were discovered and liberated.

LIEUT. GOV. MURPHY ILL

Removed From Train at Harrisburg on Way to Philadelphia.

Harrisburg, Pa., June 11.—Lieutenant Governor Robert S. Murphy was taken ill on a train while on his way from Johnstown to Philadelphia and had to be removed from the train in this city. He was taken to a hotel and given medical aid and is now much relieved. His physician pronounced him out of danger. Mrs. Murphy is with him.

100,000 Sunday School Children Parade

New York, June 11.—Over 100,000 Sunday school children marched through the streets of Brooklyn in a parade which was viewed by Vice President James S. Sherman, Governor Charles E. Hughes and other notables. The occasion was the eightieth anniversary celebration of the Brooklyn Sunday School Union.

Negro Guilty of Murder.

Alexandria, Va., June 11.—Richard Pines, one of four negroes charged with the killing of Walter F. Schultz, a Chicago artist, near this city, on March 5, was convicted by a jury of murder in the first degree.

Auto Kills Man; Held For Manslaughter

Lancaster, Pa., June 11.—Henry Kegel, whose automobile ran down and killed an aged man named William T. Snyder last Wednesday, was given a hearing on the charge of manslaughter and held for trial at court without bail.

Used Poison Ivy to Keep Out of School

New York, June 11.—Because they preferred going to a ball game to attending school, William Walters and James Hennessy, Bayonne boys, rubbed poison ivy on their hands to get on the sick list. They are both in a serious condition at their homes.

The Silent Partner.

A novel kitchen shower for a bride-to-be is contained in Woman's Home Companion for June: "The invitations were obliged to be verbal, as they suggested contributions for the necessary articles required for the Silent Partner, whose needs must be definitely considered. The result proves no end of fun.

"The skeleton of the Silent Partner was found to be a new broom. The head, made of paper, was tied to the top of the handle, with a natural looking face drawn upon it with pen and ink. Below the head, in the place where shoulders are expected to appear, a piece of lath about one and one half feet long had been nailed to the broom-handle.

"Then with newspapers and twine a fairly well-shaped body was made. To each shoulder was fastened a pancake-shovel and fire-shovel, tin spoons for arms, and these were covered with tea-towels pinned on in the of bell sleeves. The Silent Partner wore a long gingham apron made with a bib, and upon her head was a sweeping-cap. A cheese-cloth duster covered her shoulders as a fichu and fastened in front with a cooky-cutter for a 'sunbonet.'

"Tea and coffee strainers were hung from each side of the head for earrings. The dusting-bag hung from one arm, while in the pocket of the apron was a bar of soap and a dish-cloth. The apron strings were brought around in front and and tied, while on the ends were fastened an egg-beater, paring-knife and nutmeg-grater.

"Above her head and pinned to the wall was a card bearing her name. No article for kitchen use was forgotten, all those not in sight being cunningly bestowed on the person of the Silent Partner."

A Statement to the Public.

In the great fight for the people of Philadelphia against the Rapid Transit Company for increasing car fares in Philadelphia, 20 per cent, recently, "The Philadelphia Press" made the following announcement in its columns, and which should be of general interest everywhere.

"The Press" wants the people of Philadelphia to know that when the agreement between the City of Philadelphia and the Rapid Transit Company was made two years ago, "The Press" approved it, believing it to be in the best interests of the citizens of the city. As a part of that agreement it was specified there should be no change in rates of fare without the consent of both parties. The Rapid Transit Company has broken this agreement by increasing the fare without the consent of Councils. We regard this as a breach of faith, and the imposition of an unwarranted burden upon the public, and we have advocated the interests of the people as against this increased fare.

As a result of our advocacy of public rights imperiled by corporate greed, and of our refusal under dictation, to abandon this advocacy, we have already lost a large advertiser. Whilst we regret this action on the part of this particular advertiser in attempting to punish us for acting upon our sense of duty, we have been prepared to meet such a contingency. A newspaper with a sense of duty so weak as to permit its self-interest to pervert it is not fit to exist. Our advocacy of public rights will be continued despite any financial losses which may result to us there from.

Farmer Killed Birds.

The State Game Commission is now engaged in an investigation of one of the most malicious and unmitigated cases of cruelty and bird murder that has ever been brought to its notice. Some time ago it came to the knowledge of the commission that a farmer living near Dewart was engaged in poisoning all kinds of birds with doped food, and that so wanton was his destruction that he literally slaughtered them by the thousands. Investigation proved that this had been done for pure malice. An agent found the man had poisoned the birds in winter, even when there was snow on the ground, and at a time when they could not possibly have been destructive. Another case of bird poisoning has been reported from near Parkesburg, and this, too, will be investigated.

University Extension Course.

For several weeks Mrs. Charotte W. Elliott, of New York, has been in Bellefonte in the interest of organizing a University Extension course in Bellefonte. The purpose was to get up a club of sufficient membership in justifying the delivery here of a course of 18 lectures. These lectures will all be prepared by some of the most eminent and leading college presidents in the country and will be on subjects of world-wide interest.

Rev. John Hewitt has been secured to deliver the lectures and as he is an able and fluent speaker the members in the course are assured of a rare intellectual treat. Mrs Elliott has secured the 25 members which was required to have the course given here.

OLD COLLEGE CELEBRATES

Miami University, at Oxford, O., Has Its Centennial.

Oxford, O., June 12.—Miami university, Ohio's oldest institution of higher learning, celebrates its centennial this week, beginning tonight. For six days the town and college will be given over to the enthusiasm of the alumni and undergraduates, joined in celebrating the one hundredth anniversary of the founding of the college that has turned out many men distinguished in the history of the state and the nation.

The centennial address, the chief oratorical feature of the week, will be delivered by Dr. Henry Mitchell MacCracken, chancellor of New York university, who was graduated from Miami in 1857.

In 1892 Miami had the honor of having two of her sons named as candidates for president and vice president on the Republican ticket. They were Benjamin Harrison and Whitelaw Reid. The famous war governors of Ohio, Indiana and Illinois—William Dennison, Oliver P. Morton and Richard Yates—were Miami boys.

SUICIDE BEFORE WIFE

Shoots Himself and Falls Dead at Her Feet.

Lancaster, Pa., June 12.—A victim of melancholy, due to his wife's condition, Joseph Lehman, a prominent resident of Penryn, entered the room where his wife sat, a paralytic, drew a revolver and blew his brains out, dropping dead at her feet. She will probably die from the shock.

FOREST FIRE BURNS MAINE VILLAGE

New Hamlet Destroyed, But Train Saves People.

Houlton, Me., June 12.—Forest fires continue to lay waste great stretches of timber land in eastern Maine. The new village of Hillman, near Smyrna Mills, was wiped out of existence. That no lives were lost was due alone to the timely arrivel of a relief train which carried the fifty inhabitants to Smyrna Mills. Twelve buildings were destroyed at a loss of about $20,000.

Over a territory of 100 square miles, in northern Aroostook county, there is a fire front of twenty miles, extending back in some places five miles. This area, however, is considerably broken by large sections of untouched land, which have escaped the flames.

Near Calais a number of fire fighters were forced to crawl for some distance through the burning forest to reach a place of safety. The fires in the vicinity of Calais are still unchecked, and back fires have been set and trenches have been dug to save homesteads and farm buildings.

SOLVING MURDER MYSTERY

Body of Headless Man In New York Identified.

New York, June 12.—After making rapid progress not only in finding the missing head of the victim, but in identifying him as Samuel Bersin, a Russian painter and decorator, the New York police find themselves with a sordid murder mystery on their hands, tangled as to motive and with no direct clew to the assailants. Robbery, jealousy or revenge, the latter two suggested motives involving a woman and a love affair, are being worked upon, but only with the usual police formality of investigating all sides of a crime.

An autopsy performed on the victim's dismembered body showed that Bersin had been partly asphyxiated before his throat was slashed and the body mutilated in a manner similar to the famous Guldensuppe case of some years ago.

"PETE" OVERFIELD A JUDGE

MRS. GOULD UNDER FIRE

Howard's Wife Quizzed About Bills in Divorce Suit.

HAS HAZY MEMORY AT TIMES

Bills For Jewels, Tailors and Shoes Makes Spectators Gasp—Amounted to $70,773 In One Year—Mrs. Gould Tells About Her Travels With Buffalo Bill's Show.

New York, June 12.—What appeared to be hazy memory of Mrs. Katherine Clemmons Gould in cross-examination brought a rebuke from Supreme Court Justice Dowling, who is hearing her suit for separation against her husband, Howard Gould, second son of the late Jay Gould. Another interesting phase of the case was a tilt between lawyers—Delancy Nicoll for the defendant and Clarence J. Shearn for Mrs. Gould.

"Please try to be polite," Mr. Shearn cautioned Mr. Nicoll when the latter asked the witness a question sharply.

"Oh, I'm sick of trying to be polite. I've been polite all day, and Mrs. Gould won't answer a straight question," retorted Nicoll.

"Yes, the witness has given Mr. Nicoll much unnecessary trouble," Justice Dowling interposed.

As uncertain as was the witness' memory at times, she did not fail to take advantage of that very fact, when occasion twice offered. Once she apologized for her inability to tell whether certain restaurant checks were her's or not, saying that she was interested in knowing "how her husband spent his money," and again when she could not tell whether a diamond pendant valued at $13,300 had been bought by her or by her husband "for another." Delancy Nicoll protested vigorously against this insinuation, and Justice Dowling with some asperity ordered it stricken from the record.

The amounts of assorted jewels, tailors, costumers and bootmakers' bills continued to make the spectators admitted to the courtroom gasp and stare. The articles purchased included the pearl rope, listed at $27,000; the disputed pendant, at $13,500; a diamond chain, at $22,000; a diamond diadem, at $24,000, and a sapphire ring, at $6000. Such little things as $500 worth of silk stockings at a time or $1528 for shoes were trivial by comparison. Five tailor-made suits were ordered at a cost of $5807.

Mrs. Gould identified a letter which had passed between counsel for both sides. It was dated Nov. 23, 1907, and was addressed to Mr. Shearn. It went on to say that Mrs. Gould had run up $70,773 worth of bills in that year. Notice was given that responsibility for these bills would not be continued by the defendant. The alimony allowance of $25,000 was to be paid to Mrs. Gould in monthly instalments.

"I have not the slightest idea of the correctness of these bills," declared Mrs. Gould, after the letter had been read.

There were bills, bills, bills and then more bills; bills for finery and for necessities, jewels, lingerie and gifts for servants. Some of them Mrs. Gould could identify as her's; others she couldn't.

In striking contrast to this glitter of luxurious articles was Mrs. Gould's testimony that at times at Castle Gould she was actually without provisions.

Mrs. Gould's connection with Buffalo Bill's Wild West show was then inquired into. The witness testified that she had traveled with the show as a guest of Buffalo Bill's daughter, Miss Ada Cody. The witness could not be induced to admit in any sense that she had traveled with Mr. Cody.

Mr. Nicoll asked Mrs. Gould separately concerning all the capitals and chief cities of the world, and inquired whether the witness had been there with Mr. Cody, but she could remember nothing. Before coming under "Buffalo Bill's" management, she said, she appeared on the stage only once.

Mrs. Gould admitted she took several automobile trips with Dustin Farnum, the actor.

was announced that a new batch of grand jury subpoenas had been issued. Otto C. Heinze, one of the brothers, is one of those whose testimony is required. Among the others subpoenaed are six curb brokers who made a specialty of dealings in the Heinze copper stocks. They will appear as witnesses before a new federal grand jury which is to be sworn in next week.

OPENING OF BIG BRIDGE CELEBRATED

New York to Have Week's Rejoicing Over Structure.

New York, June 12.—Although the splendid new and big Queensboro bridge, which was formally opened today, connects only the boroughs of Queens and Manhattan, the entire city was represented at the celebration. In addition, other cities joined with New York in celebrating the acquisition of its latest municipal improvement by sending official congratulations and personal representatives. The great structure has also attracted to this city many engineers desirous of inspecting the country's biggest cantilever bridge.

The city's celebration of the opening of the bridge will last a week. In that time there will be parades, speeches, exhibitions of fireworks, athletic contests, automobile races and many other features. The celebration began today with the big military, civic, political, industrial and fraternal parade, which started in Manhattan and marched over the bridge into Queens borough. The celebration will close on the night of Saturday, June 19, with a dinner at the Waldorf Astoria.

Only three bridges with longer spans than the Queensboro bridge exist—the Brooklyn bridge, of 1595 feet; the Williamsburg bridge, of 1600 feet, both of the suspension type, and the Firth of Forth bridge, Scotland, of 1710 feet. The Queensboro comes next with 1182 feet. The total length of the structure formally opened today is 8231 feet. The bridge was thrown open to traffic informally March 30. Its cost was $20,000,000.

DISAPPEARS AT SEA

Holland Bennett Mysteriously Missing on Berlin.

Rome, June 12.—The captain of the steamship Berlin reported to the police, on arrival from Genoa at Naples, that Holland Bennett, of New York, a passenger, mysteriously disappeared Thursday. Mrs. Bennett says she left her husband in the smoking room and missed him when she returned five minutes later. The ship was searched fruitlessly. As the decks were crowded at the time it seems impossible that Mr. Bennett could have jumped or fallen overboard without being noticed.

W. B. Reduso CORSETS

The Perfect Corset for Large Women

It places over-developed women on the same basis as their smaller sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 4 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770. For large tall women. Made of fine coutil. Has supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 771. Is the same as No. 770, but is made of light weight white batiste. Hose supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 772. For large short women. The same as No. 770, except that the bust is somewhat lower all around. Made of white coutil, hose supporters front and sides. Sizes 20 to 36. Price $3.00.

New W. B. Reduso No. 773, is the same as No. 772, but is made of light weight white batiste. Hose supporters front and sides. Sizes 20 to 36. Price $3.00.

Ask any dealer anywhere to show you the new W. B. "Hip-subduing" models, which will produce the correct figure for prevailing modes, or any of our numerous styles which are made in such a variety as to guarantee perfect fit for every type of figure.

From $1.00 to $10.00 per pair.

THEY ARE TAFT POLICIES.

A good deal of nonsense has been getting into print about the "abandoment" of the Roosevelt policies, suggests the Hartford Courant. *In* some cases it has the hall-mark of of sincerity; in others it is a puerile attempt to make mischief, and gives itself dead away. Where it is honest, it denotes inconsiderateness and unwarranted impatience and a singular misreading of the situation.

The policies have not been abandoned. They are not going to be abandoned. William H. Taft believes in them quite as thoroughly as Theodore Roosevelt does. As secretary of war and trusted cabinet adviser, he had a large hand in the shaping of them. He explained them in public addresses. He made his campaign on them. He's not the kind of man who shows one face to the people before election and another afterward. If he had been he wouldn't be in the white house today.

If any Roosevelt republicans in these parts have been disturbed in even the slightest degree by the silly chatter about "abandonment," two recent public declarations by members of President Taft's cabinet should effectually reassure them. At the dinner given in his honor by the New York lawyers last month, Mr. Wickersham, attorney-general, said: It may be it probably is true that in the movement to impress upon the whole business world the meaning and force of certain laws and the necessity of attention and obedience to them some suits were instituted and some prosecutions commenced without sufficient consideration and without adequate cause. When such conditions are found to exist the present administration will not hesitate to withdraw the suits or dismiss the prosecutions. Such action must not however be taken as an indication of an intention by this administration to abandon in the slightest degree the vigorous impartial enforcement of the law or to undo in any degree the splendid work of the last administration. We have heard frequently of late from representatives of certain business interests of the country cries of "Let us have peace!" and "Let us alone!" The price of peace is obedience to law; those who honestly try to keep the law need not fear prosecution.

Mr. MacVeagh secretary of the treasury, held the same language at Chicago little over a week ago. "The Roosevelt policies are as safe in the hands of the present administration as in the hands of the last. We are not hearing much about them, but that is because the President has his own way of arriving at results," said the secretary of the treasury last Saturday night. It would be an error to think that the policies of the last administration will receive less attention or less devotion than is needed for their complete establishment.

The president has his own way of arriving at results. Right you are Mr. Secretary! He brought it back from the Philippines with him. Just now the business in hand is tariff revision that's what congress is in extraordinary session for. Later, currency reform and other desirable things will receive the requisite attention. The generous and enlightened McKinley policies are very near the president's heart; not less so the Roosevelt policies which he helped to frame and is pledged to enforce. What's at the core of them but plain honesty, fair-play, equality of opportunity, and even handed justice? Those are things William H. Taft believes in very thoroughly. Corporations and citizens of great wealth who want to have a quiet life under this administration should be extremely careful not to qualify as malefactors.

EDWARD EVERETT HALE.

There was nothing incomplete about the life of Edward Everett Hale. When the great transformation which awaits us all came to him last Thursday, he was in the 88th year of a singularly busy, diversed and useful life. The descendant of an historic family he early devoted himself to the work of the ministry, incidentally employing his spare time in literary work. It is an author that the great world knows and will remember him, but he always held that the ministry was his lifework. He declared that his parish was the centre of the world to him and upon more than one occasion asserted with much earnestness that nothing he had been able to do counted for much outside the great business of preaching.

And yet an outsider would have judged by the character and variety of his literary productions that he had little time for serious work in any other field of human activity. He began to write historical sketches essays and short stories at comparatively early period, and the magazines and other periodicals of the last half century or more are the repositories of many interesting and valuable articles from his pen. One of his best known stories, as well as one of the most amusing, was contributed to an early number of the Atlantic Monthly under the title, "*My* Double and How He Undid Me." Undoubtedly his most famous short story is "The Man Without a Country." Written soon after the rebellion broke out and printed originally in one of the numbers of the Atlantic Monthly for 1862, it was a timely production and, with Mrs. Julia Ward Howe's "Battle Hymn of the Republic." orginally published in the same magazine, created a marked sensation and was decidedly helpful to the union cause.

In the field of social endeaver Dr. Hale has been of vast service to two or three generations of young Americans. It is though that his suggestions led to the formation of the society of Christian Endeavor, and his "Ten Times One is Ten" suggestions have done a world of good. He was the editor of Old and New a magazine of great value published for a few years in the early 70s. He was like wise editor of the New England Magazine for some years and that magazine is now republishing the "Tarry at Home" papers which he wrote for it nearly twenty years ago. He was editor of a department on the Cosmopolitan for some years and at the time of his death edited a department in the Woman's Home Companion and was a frequent contributor to various other journals and magazines.

This paper is sure it expresses the sentiments of many of its readers when it declares that Edward Everett Hale was one of the most entertaining and informing of Americans. He loved his country with an enlightened and discriminating patriotism and nothing gave him more pleasure than the opportunity of assisting his young friends to become better and more helpful citizens.

DEMOCRATS GETTING IN LINE.

It is shown by the attitude of many Democrats at Washington that the old policy of their party is crumbling away. On the other hand it should not be overlooked that the defection from a straight-out *Protectionist* policy in dealing with the matter of revision amounts to the total of less than ten Western Republicans, several of whom are more or less imbued with populistic heresies and ideas squarely in conflict with the principles of the Republican party as enumciated in its platform.

It is well, also, to keep before the people of the country the fact that while this small coterie of Western Republicans are making a stand for the Democratic policy of "reductions in duties" a majority of the Democratic Senators have abandoned not only the cardinal principle of Democratic faith—namely, "free raw materials," but they have voted repeatedly in favor of retaining the Dingley low rates of duty on many articles, notwithstanding the declared policy of the *Democratic* party in favor of reductions in duties throughout.

In other words, while there is a slight defection from the essential principles of the Republican platform among Western Senators of the two most vital features of the Democratic platform upon the Tariff—namely, reductions in duties below the Dingley law standard and the placing of raw materials upon the free list.

Shooting Tragedy.

In the early part of last week, Warren Nearhood with his fiancee, Miss Mary Casper, daughter of Mr. and Mrs. John Casper, of Franklinville, slipped away and were married at Cumberland, Md., Returning home Thursday, the bride was sitting on the porch in her traveling costume, while the groom had laid off his coat, and one of his little sisters taking it up and a revolver in the pocket accidentally discharged penetrating the young wife in the back causing paralysis, so that she is in a most critical condition. The groom is a son of J. D. Nearhood formerly of Rock Springs this county.

To The Peruna Drug Mfg. Co., Columbus, Ohio, U. S. A.

Gentlemen:—Your medicine, Peruna, having been recommended to me by one of my friends in this city, I want to let you know the splendid results it has produced for me. As you will understand, a professional life, such as mine, is a heavy strain upon even the strongest constitution, and, in addition, my health was threatened by symptoms of catarrh. (See above.)

Yours very gratefully, Virginia Fabregas de Cardona.

Gentlemen: Having used your justly celebrated remedy, la Peruna, for some time, I have the pleasure of informing you that I consider it the best tonic I have ever used.

It is a wonderful fortifier of the nerves after exhaustion, and it increases the vitality of the whole body, and in my own case has produced the most complete and permanent restoration. It is also pleasant to the taste.

I do not hesitate, therefore, to recommend this remedy to all women as the best and most pleasant tonic that they can possibly take.

Yours very truly,
Senorita Pilar Monterde.

Julia Marlowe Endorses Pe-ru-na.

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."

Men of National Reputation Coming. Cardiff to Box Crawford Here Monday, June 21st.

As a promoter of genuine high-class boxing Clyde Blackford is rapidly forging his way to the front judging from associated Press dispatches to the effect that he has been successful in landing the much talked of Crawford-Cardiff bout for the benefit of the patrons of his club to take place here at the Armory Monday, June 21st.

The number of ring followers in Bellefonte is greatly on the increase and embraces some of our wealthiest and most influential citizens who are not satisfied with the ordinary, but are anxious to see some of the top-notches box here. So the management have decided to gratify their wishes as long as they are willing to make the recipts meet the expenses.

Both Cardiff and Crawford are men with a long line of fights behind them and for strong, clean scientific boxing, have few superiors in the world today. To sign up men of their reputation costs money but the club is of the belief that their patrons would willingly pay a little more to see men of a national reputation than see local fighters meet. It will be necessary, in order to get these men to charge $1 admission and $1.50 for reservations, but it is believed that the public will feel the extra charge well spent in securing this attraction.

Among those engaged in growing strawberries in this section one of the most successful is Roland Leitch, who lives in the ridges several miles north of town. Mr. Leitch cultivates a fair sized patch which at present affords a neat and pretty sight to passers by. He estimates that his crop this year will amount to about one thousand quarts which are now r ady for market. The berries are of the choicest kind and he has already taken orders for more than half the yield. It has been his custom to deliver his berries to his customers free from stems and in this way he has created a large demand for his choice luscious fruit and has little difficulty in disposing of his entire crop.

A special meeting of the borough council was held Friday evening to discuss matters that were crowded out of consideration on the previous Monday night. Acting upon the report of the street committee it was decided to make some needed repairs to some of the borough streets. On Saturday morning Street Commissioner James Wyble had a force of men at work with hoes and shovels cleaning the mud from Walnut street and from the gutters. When this work is completed there will be some filling up to do and the streets put in first class shape for the summer.

The township roadmaster has been busy the past week making extensive needed repairs to the roads leading from the borough line to the iron bridge east of town. A large amount of cinder has been hauled upon the road and in places it was made a great deal higher so as to throw the water into the gutters instead of allowing it to form a course in the middle of the road. Improvements on this stretch of road were badly needed and as soon as it is worn down a little it will make a good substantional highway.

One night recently some one maliciously destroyed a lot of handsome flowers in the yard of Mrs. Elizabeth Lucas at the corner of Main and Walnut streets. Mrs. Lucas takes great pride in her garden and flowers and feels quite indignant at such wanton destruction of her plants. The perpetrators of such an act should be severely dealt with.

Prof. J. C. Weirick closed his eight weeks term of summer school on Friday.

The children reigned supreme in the Methodist and Reformed churches Sunday evening, it being the occasion of the annual childrens services, At the Methodist church a nicely arranged program entitled "Sunshine and Flowers" was used. While there was not much sunshine during the day there were plenty of flowers with which the church was decorated. The children were light hearted and merry and the dreary day was soon forgotten when they began their pretty songs, recitations and drills, which they did in a most thorough manner winning the commendation of all. This was the first children's day service at the Reformed Sunday school but they are not novices in this line of work by any means, as in former years they were connected with some other Sunday school. With their hearts filled with the spirit of the day they did their parts in the well arranged program in a very fitting manner that was most pleasing to all. The services were quite successful in every respect and the lads and lassies deserve much credit for the efforts they put forth for the successes of the day. In both churches collections were taken to be applied to various lines of church work. The day will be observed at the Evangelical church next Sunday evening.

A number of the members of the Reformed church met with scrapers, shovels and rakes Tuesday morning and graded the church lawn. Grass seed was sown and in time it will make a pretty surrounding for the church.

The Methodist Sunday School held their Children's Day service on the 13th under the direction of the Supt. L. T. Eddy and had a lengthy program lasting two hours of a solid entertainment. Every participant, old and young did well, bringing forth their capability of committing to memory any part that may be handed to them. Instrumental music by the orchestra, organ, cornet, violin clarionet and trombone accompanied with vocal music by the class of married women and young men, prayer by the pastor. To give the full particulars of entertainment it would fill three columns of this paper. We will mention in particular two pieces that will so be forgotten soon. The drill march by the flower ladies, it cannot be too highly spoken of. The drill was well rendered, not a single mistake made. The building of the temple was fittingly done, every stone was placed in relation of the christian duty, with the building standing on the rock Jesus for its foundation and standing firm and solid.

ECLIPSE OF THE SUN

June 17 Will be Unlike any Other in History of the World.

On Thursday, June 17 there will be an eclipse of old sol which will be of an interesting character from the fact that for a few seconds it will be an annular eclipse then change to a total eclipse, then back to an annular eclipse for a second time.

The writer cannot find a record of such an occurrence in any history of astronomy, although we have records of annular eclipses for thousands of years. For the latter records of very early dates we owe much to Chinese chronology.

The central line of totality commences southeast of Tornsk in Siberian Russia, travels eastward and crosses only a few miles south of the north pole of the earth and skirts the east coast of Greenland, where totality ends near sunset.

The eclipse as a partial phase of greater or lesser magnitude sweeps over the larger part of the North American continent, decreasing in size as it passes down through Canada and the United States.

There is, however, all the difference imaginable between an annular and a total eclipse, for as long as there is the slightest ring of sunlight left the magnificent corona and gaseous prominences, extending at times to more than 100,000 miles from the solar surface, are all hidden from view. But at the moment when totality occurs the corona and prominence burst forth in all their beauty one of the most awe inspiring sights ever witnessed by the eye; indeed, when the weird shadow of the moon passes over the belt of totality, one feels as if some dread calamity is about to happen and no wonder that to the ancients, indeed, to the uncivilized nations of the earth today a total eclipse of the sun was and is a portent of evil, of death and destruction.

But to the astronomer it is a most glorious phenomenon which has opened up to him many new and beautiful revelations in life history of our great luminary—revelations which are so closely, so intimately associated with the dwellers on this old round world.

The Primary Election.

On Wednesday June 9th, the vote cast at the Spring Primary Election was counted by the County Commissioners. The vote on both sides was very light owing to the fact that there were but few offices to fill. The main fight was made by John D. Decker and C. H. Gramley for jury commissioner on the Republican ticket, which ended in a victory for Mr. Decker, whose majority was 19. The following is the official vote:

REPUBLICAN TICKET.

For state delegate, John G. Love received 637 votes, and G. E. Zigler 561. For jury commissioner, John W Decker, 267, C. H. Gramley, 248, W. B. Krape, 124. Harry Keller received 625 votes for county chairman.

DEMOCRATIC TICKET.

The vote for delegate to the state convention was as follows: James Corl, 618; Wm. Grove, 585, M. J. Yearick, 387. For county chairman W. D. Zerby received 674, and James Cornelly 79. Adam Hazel, for jury commissioner, 738.

The Four D's.

Charles Spurgeon once said there were three great enemies to man—"dirt, debt and the devil." He might have added one more d and included dyspepsia. The evil results of this disease could hardly be exaggerated. Its effects are felt in mind and body, and are so far reaching as the effects of the curse that was laid on the Jackdaw of Rheims which was cursed in "eating and drinking and sleeping, in standing and sitting and lying." The good effects of Dr. Pierce's Golden Medical Discovery are most marked in aggravated and chronic cases of dyspepsia. It enables the stomach glands to secrete the necessary quantity of digestive fluids, and this at once removes that craving or gnawing sensation so common to certain forms of indigestion. It tones and regulates the stomach, invigorates the torpid liver and gives the blood-making glands keen assimilative power. "Golden Medical Discovery" cures ninety-eight per cent, of those who use it.

Dr. Pierce's Pleasant Pellets are superior to all other laxative medicines when the bowels are obstructed.

60,000 Steel Workers Must Take Pledge.

Henry C. Frick is directly responsible for an order posted in all the large steel mills of the Pittsburg district to the effect that employes must not drink while upon duty, and that in the future no man known to use intoxicants will be employed.

While Dr. Frick has been out of the steel industry for many years, he has always taken an interest in the works. Wednesday while in his automobile passing the Carnegie mills, he saw an expert roller leave the shop in an intoxicated condition. The story was told in Pittsburg Thursday that Frick immediately got into communication with the Carnegie and Jones & Laughlin officials with the result that the latest order was promulgated. This order effects about 60,000 workmen.

Pennington Methodist Memorial.

The Pennington and other early settlers organized the first Methodist class in Penns Valley in 1786, and erected the first Methodist church in Penns Valley in 1814.

The event will be properly observed and commemorated by the Methodists of the Penns Valley charge, the Penningtons and descendants of the early settlers by an all-day gathering at the Pennington cemetery, and site of the first Methodist church in Penns Valley, near Centre Hall, to which all are cordially invited. The following program has been arranged:

10.00 a. m.—Meeting general committee.
10.30 a. m.—Formal opening conducted by Rev. Max Lantz, minister in charge Business meeting.
Report of superintendent
Reading of communications from friends.
Pennington historical addresses.
12.00 m—Noonday recess,
1.30 p. m.—Addresses by Rev. Lantz, Rev. J. Emory Weeks, of the M. E. church, Mifflintown, and others.

An interesting feature of the services will be singing of old time Methodist hymns. Members should bring their hymnals with them, and join in this song service with old time devotion.

Hacks will run regularly between the railroad station and the cemetery, which is about one mile from the station.

Should Wednesday be rainy services will be held the next day.

COMMITTEE.

Dedication of Orphanage

On Thursday, June 17th, 1909, the new building of the Odd Fellows Orphanage of Central Pennsylvania, located near Sunbury, will be dedicated with impressive ceremonies. Many prominent Odd Fellows will be present to participate in the exercises, and eloquent addresses will be made by noted members of the fraternity. Every Odd Fellow in the district should endeavor to be present and help celebrate the event, which marks the achievement of an enterprise that has required much thought and labor, and which crowns the effort of providing homes for many helpless children.

For this occasion the Odd Fellows of Bellefonte have arranged with the Central Railroad of Pennsylvania to run a special train from Bellefonte to the Home, leaving Bellefonte at 6:30 a. m., and returning leave the Home at 7:00 p. m. Fare for the round trip $2.50 from all stations on Central Railroad of Pennsylvania. This train is not for Odd Fellows only, but any one who may desire to visit the Home and spend a day enjoying the exercises of the occasion is cordially invited to join thecrowd. d-5t.

Death of Mrs. Norman Calhoun

Monday morning about 10.40 o'clock, Mrs. Norman A. Calhoun, formerly Miss Verna Lebkicker, of Tyrone, died at the home of her parents, Mr. and Mrs. David R. Lebkicker, at Snow Shoe, after an extended illness from heart trouble. Had the young lady lived until the 24th of June, she would have attained her 21st birthday. She was born at Bellefonte, where her early childhood was spent, after which her parents moved to Tyrone where Verna made many friends. Later she moved with her parents to Snow Shoe. In 1908 she was united in marriage to Norman A. Calhoun, who survives her, as also do her father and mother, one sister, Mrs. Joseph Shope of Tyrone, and her brother Edward at home. Funeral services were held at the Lebkicker home in Snow Shoe Wednesday morning at 10 o'clock, by Rev. Geo. T. Gunter, of the First Presbyterian church, of Tyrone after which the remains were conveyed to Unionville where interment was made.

Review

Golden Text—With great power gave the apostles witness of the resurrection of the Lord Jesus. Acts iv.33.

The following review is planned for all who are taking up these Bible Studies, whether having actually studied the eleven lessons here reviewed or only a part of them. Even if this is the first lesson which has captured a reader's attention it can be made a profitable lesson in itself.

The date and title of each lesson, and where found, the Golden Text and one question for each lesson follows:

April 4—Acts x:1-48. Peter and Cornelius. Golden Text, Acts x:35. In every nation he that feareth Him, and worketh righteousness is accepted of Him.

Verses 1, 2—Can you give a good reason why God today, is not as well pleased with a devout Roman Catholic, as he is with a devout Protestant, or vice versa?

April 11—I. Cor. xv:12-28. Easter lesson. Golden Text. I. Cor. xv:20. Now is the Christ risen from the dead, and become the first fruits of them that slept.

Verse 12—Can you mention a single nation, or tribe, or people in the past or the present, that has not believed, or does not believe, in life after death in some shape?

April 18—Acts ix:1 30. The Conversion of Saul. Golden Text. Acts ix:4 He fell to the earth and heard a voice saying unto him, Saul, Saul, why persecutest thou me?

Verses I, 2—How do you account for Saul's bitter hatred for Christians before his conversion, and that after he became a Christian he showed such a spirit of love toward those who were not Christians? (This question is to be answered in writing by members of the club)

April 25—Acts xi:19-30; xii:25 The Gospel in Antioch, Golden Text. Acts xi:26. The disciples were called Christians first in Antioch.

Verses 29, 30—Should the Church of Christ to-day be a practical brotherhood, caring for one another, and helping each other financially, and in every other way as the need may be?

May 2—Acts xiii:1 12. Paul's First Missionary Journey—Cyprus. Golden Text. Mark xv:15. Go ye into all the world, and preach the gospel to every creature.

Verse 3—It is clearly the duty of the present day church to send missionaries to foreign countries and into new districts. is it equally the duty of all men to help support such missionaries?

May 9—Acts xiii:13-52. Paul's First Missionary Journey—Antioch in Pisidia: Golden Text. Acts xiii:49. The word of the Lord was published throughout all the region.

Verse 14—If a professed Christian does not attend church, an act like a Christian when away from home, is he a real Christian when at home, no matter how he may act when there?

May 16—Acts xiv: 1-28. Paul's First Missionary Journey—Iconinm. Golden Text. Ps. xcvi:5. All the gods of the nations are idols; but the Lord made the heavens.

Verses 1, 2—Was the unbelief of the Jews a matter of the intellect through lack of evidence; or was it a matter of the heart; that is, a result of their rebellion against God?

May 23—Acts xv:1 35. The Council at Jerusalem. Golden Text. Acts xv:11 We believe that through the grace of the Lord Jesus Christ we shall be saved, even as they.

Verses 6 17—Is actual experience of God, and his dealings with us, conclusive proof of the will of God, in the matters which the experience covers?

May 30—Jas. ii:14:26. Believeing and Doing. Golden Text. Jas. ii:20. Faith without works is dead.

Verse 14—Can a man have true faith in God if he is not filled with love to his fellows, and doing all he can to help them?

June 6—Jas. iii:1-12. The Power of the Tongue Golden Text, Prov. xxi:23. Whoso keepeth his mouth and his tongue keepeth his soul from troubles.

Verse 2—Is the control of the tongue the key to the control of the [illegible]man? Give your reasons.

June 13—Heb. xi: 1-40. Heroes of Faith. Golden Text. Heb. xi:1, Faith is the substance of things hoped for, evidence of things not seen.

Verses 1-3—If a desirable thing is firmly possessed by faith, does that give as much, or similar satisfaction, as the possession of the thing itself?

Lesson for Sunday, June 27th, 1909—Temperance Lesson Rom xiii.8-14.

New Departure.

After two months of remarkable sales, C. M. Parrish the enterprising druggist, says that his plan of selling at half price the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, and guaranteeing to refund the money if it does not cure, has been the greatest success he has ever known.

He has sold hundreds of bottles of the specific and as yet has not had one returned, although he stands ready at any time to refund the money should any customer be dissatisfied. This is the strongest testimony that can be furished to the great merit of this medicine.

Anyone suffering with dyspepsia, constipation, liver troubles, headaches, dizziness coated tongue, or the general tired feeling, caused by inactive liver and bowels or disordered digestion, should take advantage of C. M. Parrish new departure and buy a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund the money if it does not cure.

Farmers' Institutes.

At the meeting of the County Committee to select places for holding Farmers' Institutes, th ecoming season, on last Saturday, but one application was presented; this came from Aaronsburg, where the best meeting of last season was held, and it was promptly selected for the coming winter. If there are other localities in the county desiring an Institute next winter, please notify at once, as the Department at Harrisburg will not wait.

BOY LEAPS INTO RIVER TO RESCUE PLAYMATE

Ten-Year-Old Lad Dives and Saves His Chum.

Carbondale, Pa., June 11.—Donald Tiffany, ten years old, of Warford, near here, risked his life to rescue James Wilson, a much older boy, who had fallen into a deep stream near Gibson. The boys were playing on the banks of the stream, when young Wilson slipped and fell in. He was swept away by the current, the stream being swollen by recent rains.

All the others, except Tiffany, ran for assistance, but Tiffany, seeing that Wilson would drown, threw off his shoes and coat and bravely plunged in to save him. After diving he found Wilson at the bottom. Struggling for his own life and that of his companion, he managed to get the boy to the shore.

KILLS SNAKE WITH HIS HANDS

Allentown Salesman on a Hike Is Attacked by Reptile.

Kutztown, Pa., June 10.—Willard L. Schweitzer, a traveling salesman of Allentown, was walking from Bowers to Lyons, this county, on the East Penn railroad tracks, when he tripped and fell. Before he got up a big blacksnake had wound itself around his ankle.

With a yell he grabbed the reptile below the head and began to choke it. Several section hands working nearby, who heard Schweitzer yell and saw him struggle with the snake, ran to his assistance, but by the time they reached him he had killed it. The snake was more than five feet long. Mr. Schweitzer took the snake with him and intends to have it stuffed.

Nearly a Ton of Coal In One Lump.

Wilkes-Barre, Pa., June 14. — The largest single lump of anthracite coal ever mined was shipped by the Kingston Coal company to the Yukon-Alaska exposition at Seattle for exhibition. It weighs 1800 pounds and contains about 80 cubic feet.

The Weather.

Forecast for this section: Clearing and cooler today; tomorrow, fair; moderate west and northwest winds.

Voted For Church Union.

Hamilton, Ont., June 9.—By an overwhelming majority the Presbyterian church general assembly decided in favor of a motion in favor of church union. The joint committee, therefore, will continue negotiations with organic union in view, and will present a report of the question to the next general assembly.

Tried to Hang Himself In Cell.

Newark, N. J., June 9.—Louis Burger, fifty-one years old, tried to commit suicide by hanging himself in a cell in the fourth precinct station. He made a halter of his suspenders and hanged himself from the door of the cell, but was discovered and cut down in time to save his life. He was arrested for drunkenness.

Welcome Words To Women

If, you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is *one* tried and true honest square-deal medicine OF KNOWN COMPOSITION, sold by druggists for the cure of woman's ills. The makers of

Dr. Pierce's Favorite Prescription

for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, *in plain English*, on every bottle-wrapper. Is this not a significant fact worthy of careful consideration?

Women use Dr. Pierce's Favorite Prescription in preference to all other advocated medicines sold by druggists for their peculiar weaknesses and ailments because it is

THE ONE REMEDY which contains no alcohol or habit-forming drugs, is not anything like advertised secret compounds or patent medicines.

THE ONE REMEDY for women devised by a regularly graduated physician of vast experience in woman's ailments and carefully adapted to her delicate organism.

THE ONE REMEDY good enough that its makers are not afraid to print its every ingredient on its outside bottle-wrapper.

It's foolish—often dangerous to be over-persuaded into accepting a secret nostrum in place of this time proven medicine of KNOWN COMPOSITION. World's Dispensary Medical Association, Buffalo, N. Y.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

THE OLDEST TRIPLETS

Windeckers, All In Fine Health, Are Sixty-five Years Old.

Fond Du Lac, Wis., June 11. — The Windecker triplets, who say they are the oldest triplets in the world, celebrated their sixty-fifth birthday at the old homestead in the town of Byron.

They are Sydney, of this city; Sylvester, of Byron, and Mrs. Sedate Pier, of Wausau.

They were born in Lowville, N. Y., June 9, 1844, and came to Wisconsin when five years old. All are in fine health.

To Stock Lakes With Fish.

Milford, Del., June 11.—The Milford Rod and Gun club, of which State Fish Commissioner Archer is at the head, is making arrangements to stock both the Hoven and Rockland lakes with imported spawns, with pike, pickerel, bass and white fish. Mr. Archer has been promised assistance by the United States fish commissioner.

Fell and Killed Man He Chased.

Beattyville, Ky., June 11. — While pursuing Daniel Beard, a moonshiner, in the Owsly county mountains, Deputy United States Marshal May accidentally killed him. May fell and his rifle was discharged, the bullet striking Beard in the back.

John D. Ryan Succeeds Rogers.

New York, June 11.—John D. Ryan was elected president of the Amalgamated Copper company to succeed the late Henry H. Rogers.

Mr. and Mrs. Corey Thrown From Auto

Palaiseau, France, June 11.—An automobile in which William E. Corey, president of the United States Steel corporation; his wife and a friend were driving became unmanageable. All three were thrown out, but Mr. and Mrs. Corey escaped with a few scratches. Their friend was more seriously hurt.

An Odd Suit For Damages.

Bellefontaine, O., June 11.—Because his uncle lifted him in his arms twenty-two years ago in such a rude manner as to make him a hunchback, a jury awarded $4250 damages to Harley N. Piper against his wealthy uncle, George H. Clayton. Piper sued for $10,000.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa, suppressed or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Kodol

For Dyspepsia and Indigestion

If you Suffer from Indigestion, Dyspepsia, Gas on the Stomach, Belching, Sour Stomach, Heart-burn, etc., a little Kodol will Relieve you almost Instantly

Kodol supplies the same digestive juices that are found in a healthy stomach. Being a liquid, it starts digestion at once.

Kodol not only digests your food, but helps you enjoy every mouthful you eat.

You need a sufficient amount of good, wholesome food to maintain strength and health.

But, this food must be digested thoroughly, otherwise the pains of indigestion and dyspepsia are the result.

When your stomach cannot do its work properly, take something to help your stomach. Kodol is the only thing that will give the stomach complete rest.

Why? Because Kodol does the same work as a strong stomach, and does it in a natural way.

So, don't neglect your stomach. Don't become a chronic dyspeptic. Keep your stomach healthy and strong by taking a little Kodol. You don't have to take Kodol all the time. You only take it when you need it.

Kodol is perfectly harmless.

In Sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a Stomach nerve, or it may have given strength and support to the Heart or Kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the Stomach nor to temporarily stimulate the Heart or Kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by J. Zeller & Son.

SAYS UNIONS ARE A MENACE

Woodrow Wilson Scores Labor Organizations.

RAPS WALL STREET METHODS

In Baccalaureate Sermon at Princeton He Declared Employment of Men In America Is Becoming Unprofitable and That Millionaires Seek Profits Without Regard to Anything.

Princeton, N. J., June 14.—"Unprofitable Servants," who impoverish their own lives, and through their increasing number threaten the economic supremacy of the country, were discussed by President Woodrow Wilson in a baccalaureate address before

COPYRIGHT BY J.E. PURDY, BOSTON

WOODROW WILSON.

the graduating class at Princeton university. He said in part:

"'Duty' is a very handsome word—is a very handsome thing—but let every man look at it that he comprehend what it really means. You know what the usual standard of the employe is in our day. It is to give as little as he may for his wage.

On Methods of Unions.

"Labor is standardized by the trades unions, and this is the standard to which it is made to conform. No one is suffered to do more than the average workman can do. In some trades and handicrafts no one is suffered to do more than the least skillful of his fellows can do within the hours allotted to a day's labor, and no one may work out of hours at all or volunteer anything beyond the minimum. I need not point out how economically disastrous such a regulation of labor is. It is so unprofitable to the employer that in some trades it will presently not be worth his while to attempt anything at all. He had better stop altogether than operate at an inevitable loss.

"The labor of America is rapidly becoming unprofitable under its present regulation by those who have determined to reduce it to a minimum. Our economic supremacy may be lost because the country grows more and more full of unprofitable servants.

"But we do not need to turn to the trades unions to illustrate our disregard for the true meaning of duty. We have just passed through an era in which men kept their legal obligations as well as usual and yet came near ruining the country, piled up wealth and forgot how to use it honorably, built up business and came near to debauching a nation.

Abuses In Business World.

"I need not remind you of the various abuses in the business world which recent legislation has been more or less unsuccessfully attempting to correct, of the vast combinations by which capitalists in this, that and the other line of enterprise have sought to control the markets of the country, or of the special favors the railways have granted to some of their shippers and the manifest injustice and ruin they have imposed on others, of the incalculable values, and lacks of value, given to securities in the stock market by methods of financial manipulation long in vogue unchecked, almost unheeded—of the thousand and one ways in which what were thought to be the business interests of the country were pushed forward without regard to anything but the profit of those immediately concerned.

"The men who brought disaster on business by success brought it because they ran with blinders upon their eyes, saw only the immediate task under their hands, volunteered no look around, paid no call of thought or wish upon their fellow-men, left statesmanship to politicians and public interests to the censors of public morals, attended wholly to their own business. The business of life is a higher thing than they thought it.

"Only the far-seeing eyes are the eyes that decry the real field of success, the ultimate paths of content and pleasure."

Leper May Not Go to New York.

Washington, June 14.—Unless the New York city health authorities advise the district health department that they are willing to have John R. Early, the alleged leper, go to that city, the latter will remain in quarantine here. Dr. Bulkley, the New York leprosy expert, says Early is not a leper, and that he feels sure that he will be taken to New York within a few days for treatment.

STRAY BULLET HITS CHILD

Tot Knocked Over In Canoe by Spent Missile.

Trenton, June 14.—While paddling in a canoe on the Delaware river near her father's boathouse, six-year-old Lizzie Nelson uttered a scream and fell back into the craft. The father rowed to the canoe in which lay his daughter, tore open her bloodstained dress and found a 22-caliber bullet imbedded in her flesh directly over the heart. The ball had been shot from a rifle at a bird by a boy on West State street.

TAFT'S DOUBLE ARRESTED

Facial Resemblance to President Led to Capture of Fugitive.

New York, June 14.—A strong facial resemblance to President Taft led to the arrest here of Vincenze Sabbataro, alias "Giovanni Rossi," an Italian, who is wanted in New Haven, Conn., on a charge of felonious assault. The New Haven chief of police, in sending out circular letters for the man's apprehension, called attention to his likeness to the president, and a New York detective was thus enabled to recognize and arrest the man.

NO HOPE OF SAVING CREW OF SUBMARINE

Russian "Diver" Sent to Bottom in Collision; 20 Perish.

Sebastopol, June 14.—All hope is gone of saving the lives of the crew of twenty of the Russian submarine boat Kambala, which was sunk in collision with the battleship Rostislav during maneuvers Friday night, or of recovering the wreck, owing to the great depth of water. Two divers have died in the attempts to rescue the men on account of the immense pressure. Others have tried repeatedly and heroically to pass chains around the wreck, but finally came to the surface utterly exhausted, having accomplished nothing. All operations have been abandoned.

The Kambala went down in 150 feet of water, and only untrustworthy bulkheads stood between the men and death after the boat was struck by the ram of the Rostislav.

The submarine flotilla was conducting a series of night manoeuvers against the battleship squadron, with the idea of forcing an entrance into the harbor of Sebastopol. The Kambala, running half submerged, passed half a cable length to port of the leading ship, the Panteleimon, and theoretically put this vessel out of action with a torpedo. After passing the first battleship the Kambala suddenly and unaccountably swerved through the line and the Rostislav caught her squarely with her ram. The submarine sank at once.

First Lieutenant Aquilonoff was on deck at the time of the accident. He swam away and was saved, but Captain Bielikoff, Midshipman Tuckkoff, a warrant officer and seventeen members of the crew perished.

BRYAN'S SON TO WED

Milwaukee Girl Chosen For Marriage on June 24.

Milwaukee, June 14.—The marriage of Miss Helen Berger, a former Milwaukee girl, daughter of Alexander Berger, for years in the grain and flour business, to William J. Bryan, Jr., only son of William Jennings Bryan, will be solemnized at the Colorado summer home of the father of the bride-elect, Grand Lake, on Thursday, June 24.

Shortly after the wedding Mr. and Mrs. Bryan will take up their residence at Tucson, Ariz.

LIGHTNING STRUCK CHURCH

Killed One, Injured Sixteen and Caused a Panic.

Green Bay, Wis., June 14.—Lightning struck the steeple of Holy Cross Catholic church at Bay Settlement during mass and killed Edward Duchane and shocked and injured sixteen other persons, two of whom may not survive. Panic prevailed for several minutes, following the crash of the lightning. It was some time before Father Mickers could quiet the excited congregation of more than 200 persons.

Vaccinated Half the Church.

Norfolk, Va., June 14.—The health authorities are actively engaged in keeping the number of smallpox cases down, and it developed that a colored physician invaded the Calvary Colored Baptist church after services and vaccinated over half of the congregation in church. Others declined to wait their turn.

No Booze For Soldiers.

Junction City, Kan., June 14.—A carload of liquor, ordered by soldiers at Fort Riley, arrived, but Colonel Ward would not let the men have it. The colonel put guards over the car and insisted that it must be sent back to Kansas City. The stringent laws recently passed by the legislature make it impossible to buy liquor in Kansas.

5000 Massacred In North Persia.

St. Petersburg, June 14.—A dispatch from Astara says that the Shakhsevan tribesmen are ravaging the Ardabil district in Azerbiajan, the most northwesterly province of Persia, and that 5000 persons have been killed.

NATIVES MUTINY IN PHILIPPINES

Constabulary Attack and Capture Company Quarters.

FLED WHEN HELP ARRIVED

Americans and Loyal Natives Fortified Themselves In a Church, and In a Fight Lasting Two Hours One Man Was Killed and Four Wounded. Mutineers Fled on Approach of Reinforcements.

Manila, June 14.—A portion of the second company of native constabulary stationed at Davao, in the Island of Mindanao, mutinied on the night of June 6, and attacked the company quarters, which they captured after wounding one of the native officers.

After a fight lasting two hours on the following day, in which one man named Libbey was killed, and four others wounded, the mutineers took to the mountains on the approach of a company of the constabulary stationed at Mapi, which was hurried to the relief of the besieged Americans and the loyal natives.

Without any warning the mutineers suddenly attacked the quarters at night and gained possession of them before any resistance could be offered by a few native non-commissioned officers and several loyal members of the company.

Governor Walker, of the Davao province, immediately rallied the Americans and such natives as could be trusted in a large church, and preparations for defense were hastily made during the night. Windows and doors were barred, loop holes cut, food and water taken into the building and everything made ready to withstand a siege.

Mutineers Attack Church.

At 5 o'clock on the afternoon of June 7 the mutineers began an attack on the church. For two hours the fight raged. A heavy fire was directed against the church and its defenders but Governor Walker and his small force replied with such vigor that they discouraged all attempts to storm the place.

The mutineers retired and evidently expected to await darkness under cover until a safer and more successful attack could be made upon the church. In the meantime, however news of the mutiny had reached Mati a town of considerable size, forty-six miles southeast of Davao. A company of constabulary stationed there immediately hurried to the relief of Davao Their approach caused the disloyal constabulary force to withdraw during the night. Thirty native troopers escaped to the mountains with their arms and equipment.

With the receipt of the news of the mutiny also came word that detachments of the Twenty-third infantry have reached Davao and quickly succeeded in restoring order. Several columns of troops were immediately dispatched in pursuit of the mutineers. It is believed here that the mutiny was purely local, resulting from difficulties over food supplies or the care of the women members of the family of the constabulary.

Next to Manila, Davao is the most important American community in the Philippines. It was planned only recently to send a regiment of American regulars there to protect the district and friendly natives against mountain Moro bandits.

LOOK OUT FOR HEADEATER

A Strange Creature Is Terrorizing Farmers.

A mysterious animal has been killing cattle in the northern section of Berks county during the past week. From the descriptions given by those who caught a glimpse of the strange creature, no one is able to tell just what kind of an animal it is that is doing the damage.

The beast visited the farm of J. A. Bausher, near Hamburg, tenanted by Harry Faust. The place is located along the base of the Blue Mountains. Mr. Faust was awakened by hearing noises at his pig pen. He hurriedly dressed, and securing a pitchfork, arrived at the pen just in time to see the animal leap over a fence. According to his account, the killer is as large as a Newfoundland hog and had a tail like a wolf.

To the great surprise, Mr. Faust found the heads of eight of his small pigs chewed off. A large watchdog belonging to Mr. Faust had also been killed. The creature next visited the farm of Harvey Shollenberger and there killed a watchdog and injured a Holstein calf. The mysterious animal next killed a dog on the farm of Herman Bailey, and at Charles Fink's farm, nearby, killed a flock of geese and a large bulldog.

Farmers for miles organized and thoroughly armed started out on a search for the mysterious creature. Traps will be set at night in an effort to catch the monster. A strange feature is that after the animal kills the cattle and dogs it does not devour any part of the carcass but head.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. The Auditor General Breaks all Records.

Auditor General Young Monday issued the bound volumes of the report of the Auditor General's department for the fiscal year ending November 30 last, there by breaking all such records in his office including the one he himself made last December by issuing a bound report within less than thirteen months after the close of the fiscal year.

The report came out Monday just five and six days after the close of the last fiscal year.

Previous administrations delayed issue of the report and it was not uncommon for it to be two years late. This is especially true of the report for 1904, which showed the big capitol graft payments to John H. Sanderson and to ex-Congressman H. Burd Cassel's Pennsylvania Construction company. The reports were purposely delayed in order to prevent the taxpayers from finding out where the money was going.

Last December, however, Young had the report for the fiscal year ending November 30, 1907, issued in bound volumes record.

The copy for the 1908 report was sent to the governor and the state printer on January 29, less, than two months after the close of the fiscal year.

The first application of ManZan, the great Pile remedy, will almost instantly give relief. Continued use of ManZan for a few days will effect a cure. The tube in which it is put up has a small nozzle attached, so that there is no inconvenience whatever. ManZan is for the cure of any kind of Piles. It is sold here by C. M. Parrish.

Captured In Seven Mountains.

A gang of telephone linemen captured a negro named John Ford, in the Seven Mountains, and marched him to Milroy, and from there he was taken to the Mifflin jail and thence to the Huntingdon county jail. Ford had been working on a state road in Huntingdon, and had become enamored of Mrs. Emma Baker, also colored. He had been accustomed to meet her at the house of Mrs. Flora Harris, and on going there one evening found that his "affinity" had walked down the road with John Hancock. This so incensed Ford that he decided upon revenging himself on the Harris woman. She was beaten until unconcious, and there were grave doubts whether she would recover.

Upon being discovered Ford took to his heels through the Seven Mountains, and might have escaped but for the fact that the telephone men had just completed reading a description of the negro before leaving Milroy.

Pinesalve, carbolized, thoroughly healing and cleansing, antiseptic, soothes and stops pain. Sold by C. M. Parrish.

This is the most dangerous time of the year to catch cold, and it is the hardest time to cure it. If you should take a cold, a few doses of kidney's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good nearly like maple sugar. It is sold by all dealers.

Everybody is likely to have kidney and bladder trouble. In fact nearly everbody has some trouble of this kind That is the reason why you so often have pains in the back and groin, scalding sensation urinary disorders, etc—that's your kidneys. The best thing to do is to get some of DeWitt's Kidney and Bladder Pills right away. Take them for a few days or a week or so and you will feel all right. In this way, too, you will ward off dangerous and possibly serious ailments. They are perfectly harmless, and are not only antiseptic, but allay pain quickly by their healing properties. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. Sold by All Dealers.

It is stated that the Bellefonte furnaces can afford to run if they can get $17.00 a ton for for their iron, so that every rise in the market brings the Bellefonte furnaces that much nearer resumption.

—At the annual meeting of the Pennsylvania Retail Jewelers' association in Harrisburg last Friday, Ira D. Garman, of Philadelphia, but an old Bellefonter, was elected president of the association for the ensuing year and also one of the delegates to the convention of the national association which will be held in Omaha in July.

—On Wednesday Col. J. L. Spangler received word that the Thompson site, near State College, offered by the local Masonic fraternity to the Grand Lodge for the erection of a home and orphanage had been rejected. This, of course, settles it as far as Bellefonte is concerned. It is not known definitely what site has been selected.

—Arthur C. Harper, son of Mr. and Mrs. J. C. Harper, who the past school year has been at State College as an assistant in the school of mechanical engineering, last week accepted a position as professor in the department of mechanical engineering and drawing in the Ohio State University, at Columbus, Ohio. The new position carries with it a substantial advance in salary over what he was receiving at State College.

—Robert Perry Blackburn, of Williamport, has been appointed division commander of Knights Templar by Grand Eminent Commander Abram Hees of Pennsylvania. This division comprises Baldwin 11 commandery of Williamsport and the Lock Haven, Bellefonte and Philipsburg commanderies. The appointment of Mr. Blackburn is an honor of considerable importance among the Knights Templar, and his many friends here are pleased to note his prominence in the Knights Templar.

—Notwithstanding the fact that the weather Wednesday was none of the most pleasant for going about over one hundred and fifty farmers from points along the Lewisburg and Tyrone railroad took advantage of the free special train run by the Pennsylvania railroad to visit State College and see for themselves the various experiments being conducted there in the growing of various crops, stock, etc. The visitors were shown all around the college premises, including the new diary and agricultural buildings by members of the faculty of the school of agriculture and experiment station. A program of short lectures on timely topics was given the visitors in the afternoon.

Funniest Clowns on Earth Are With The Great John Robinson Shows.

A good circus make all the world akin at least that portion of humanity within the reach of any big circus. A boy never forgets his first circus neither does a girl forget it. It is one of the milestones that mark the altogether too fleeting years of childhood's career of innocent and harmless pleasure. What would a circus be without a band? What would it be without a clown?

The circus clown dates his origin back to the beginning of the circus itself, and from time immemorial he has been one of the most important features. During the growth and developments he has by no means been left behind. He is funnier now and can do more tricks than ever before. In the old days one clown sufficed to satisfy the demand for the show-goers, but now it takes twenty-five for the John Robinson Shows. Now a days the clown who could not do anything but grin and drive a donkey that played a tattoo with his hind hoofs on the dashboard of a little cart could not get a job. He must be versatile or look for another position.

The acrobatic work is only a small part of a clown's performance. There is scarcely a humorous phase of life which the clowns do not touch or a heroic feature which they do not burlesque. This always delights the crowd, for one of the things which pleases an American audience is to see some one ridiculed.

It is the rough and tumble and apparently furiously abusive acts, knocks and slaps of the clown that invariably create the most laughter. The more they kick, pound and beat and club each other over the head, face or back, the more pleasing it seems to be.

Without the clown, the petite, pretty equestrian could not have his brief visit the acrobats could not get their second, breath, and the musicians could not catch a moment's rest. Orginally a "filler in" to cheapen the salary list and to serve the above purposes, the circus fools one features with a circus and command liberal salaries. They are no longer used to fill in. All the clowns will be here with the big shows on Wednesday June 23rd.

Central Pennsylvania League Games.

Saturday Bellefonte was defeated by Jersey Shore by the score of 6-3. Up until the eighth inning our boys had the leaders beaten but a pass, a hit and two errors gave them four runs and the game. The cause of errors made by our boys was due to the fact that they have not had the chance to practice on a good field such as Jersey Shore has. On Thursday Lock Haven plays here and it will be a good game. Peck will pitch for Lock Haven and Martz for our lads.

Lock Haven defeated Renovo 4 to 0.

The Academy Wins.

The Bellefonte Academy base ball nine went to Huntingdon on Saturday and played the Juniata College team defeated them by the score of 3-0. The Academy scored its first run in the sixth inning. In the seventh two more runs were scored through successful bunching of hits. Sleppy pitched professional ball allowing the Juniata boys but four scattered hits. He received excellent support. The Academy boys secured 9 hits. This made 9 victories out of a regular schedule of 12 games, not counting the series with the Bellefonte team which they also won.

It has been a great base ball record.

Quietly Married.

On Monday evening June 7th, about 9:30 Mr. Edward Gengher and Miss Edna Hamilton were quietly married at the Gengher home on High street, by Rev. Barshinger pastor of the United Brethren church. The groom has accepted a position in Pittsburg and left for that place on Tuesday, Mrs. Gengher will follow in a few days.

Meeting of Pennsylvania Bar Association

Bedford Springs, Pa., June 16, 1909.—Preparations are being made for the annual meeting of the Pennsylvania Bar Association, which will be held here, at the Bedford Springs Hotel, June 29, 30 and July 1. Advance reservations of rooms indicate an attendance of several hundred members accompanied by members of their families, and that both from a professional and social standpoint the meeting will be a very important and interesting one.

Following is a summary of the program which has been prepared:

First Day, June 29. Address of the president, Hon. Hampton Todd of Philadelphia, Attorney-General. Much interest attaches to this address, as it is expected that it will be in part a review of the laws passed at the recent session of the Legislature. This will be followed by the reports of the secretary and treasurer of the Association, Hon. William Penn Lloyd of Mechanicsburg and Hon. William H. Staake of Philadelphia, respectively. At the same session the reports of the following regular standing committees will be read and received; Executive Committee, John B. Colahan, Philadelphia, chairman; Law Reform, Alex. Simpson, Philadelphia, chairman; Legal Education, George Wharton Pepper, Philadelphia, chairman; Legal Biography, Hon. Harman Yerkes, Doylestown, chairman; Admissions, Edward J. Fox, Easton, chairman; Grievances, Cyrus G. Derr, Reading, chairman; Uniform State Laws, Walter George Smith, Philadelphia, chairman. Also the reports of the following special committees; Comparative Jurisprudence, Charles Wetherill, Philadelphia, chairman; Legal Ethics, Hon. Nathaniel Ewing, Uniontown, chairman; Constitution of Courts in Pennsylvania, Hon. Harold M. McClure, Lewisburg, chairman; Contingent Fees, Hon. Abram M. Beitler, Philadelphia, chairman. At the evening meeting, on the same day, the annual address subject, "Thomas W. Dorr and the Dorr War in Rhode Island," will be delivered by Hon. Amasa M Eston, of Providence, R. I.

On the second day of the meeting, June 30, the morning session will be devoted to discussion of the various reports submitted on the previous day, to unfinished business, and to the reading of bills for proposed legislation. At the evening session two papers will be read and discussed, one on "Gibson and a Progressive Jurisprudence," by John W. Appel of Lancaster, and one on "Comparative Law as a Practical Science," by William W. Smithers of Philadelphia.

On the third and last day of the meeting, July, 1, at the morning session, papers, entitled "A Judicial Solecism," by A. J. W. Hutton of Chambersburg and "Full-Paid and Non-Assessable," by Owen J. Roberts of Philadelphia, will be read. At the afternoon session the appointment of delegates to the American Bar Association and the Comparative Law Bureau will be made, and the election of officers for the ensuing year will take place.

The meeting will be brought to an end by the annual banquet in the evening, at which Hon. Hampton Todd, the retiring president, will act as toastmaster. Among those who are expected to respond to toasts are Governor Stuart, Lieutenant-Governor Murphy, Hon. Amasa Eaton, Providence, R. I., George S. Schmidt, Esq., York, and W. Russell Carr, Esq., Uniontown. The usual high character of the addresses at the annual dinner cause it to be regarded as one of the most important features of the meeting. As an illustration of this, it was at the annual banquet of the Association last year that Governor Stuart first promulgated his idea of a great end-to-end State road.

The Association is now 15 years old and its membership embraces a majority of the judiciary of the State and a large representation of the bar of every county. Following is a list of the members from Centre county: James A. Beaver, John Blanchard, Harry Keller, Ellis L Orvis, W. Harrison Walker.

The Close of the Academy.

Friday the Bellefonte Academy brought to a close its school year, which marked the end of one of the most succeseful years in its history. And one happy feature is that everything looks so much brighter for even a greater success next year in every way.

The collegiate or Senior class is the largest and strongest that has finished its preparatory work at that institution in many years, numbering twenty-one members in all. The names of the members of the class with the colleges thet will probably enter in the fall are as follows:

Albert Wilson, Frank Entriken, James Miller, Robert Elliot and Charles Higgs, to The Pennsylvania State College.

W. D. Crooks, Blair Hull, John South and Lorne V. Hummell, to the University of Pennsylvania.

William Louden and Paul McCandless, to Washington and Jefferson.

Edmund Joseph, to Columbia University.

James Foresman to Lafayette.

Veryl Mann, to Cornell.

Those of the class will probably enter business vocations are James Abrams, Harrison Tasker and Harry Wright, while the young ladies of the class are Lucretia Williams, Ethel Dale Marion Lingle and Janet Scott.
